RECORDS SECTION

Warm greetings!

The Samahang Pisika ng Visayas at Mindanao (SPVM) and Fr. Saturnino Urios University (FSUU) of Butuan City cordially invite you and your physics teachers and students to participate in the 11th SPVM National Physics Conference & Workshop to be held on October 22 - 24, 2009 at the Fr. Saturnino Urios University, Butuan City. This 3-day activity is officially endorsed by the Commission on Higher Education and by the Department of Education as reflected on the flip side of this letter. Envisioning a community of Filipinos committed to pursue new knowledge in the sciences, this 3-day activity centers on the theme - "Focusing on the New Challenges in Physics in the Next Decade".

The 2009 SPVM conference and workshop will feature five plenary sessions, several parallel sessions and poster paper contest on innovations in effective Physics teaching-learning process in Philippine high schools and colleges, status of physics research and development in Southern Philippines, updates in climate change, material science and solar cell technology research, and entrepreneurial and career opportunities in Physics. A new challenge to physics teachers is the workshop on interactive digital physics instruction. The organizers are also inviting you to present a paper limited to the aforementioned topics. A 3-page extended abstract of your paper should be submitted to the organizers (spvmcontact@gmail.com) on/or before August 20, 2009.

Registration fee for regular participants is P2750 and P2250 for student participants. The fee would cover SPVM annual membership fee, conference kit, snacks and lunch for the whole duration of the conference, welcome dinner and tour around historical/cultural sites of Butuan City. Diggings of "Balangays" dating 320 A.D. and various archaeological artifacts in the area prove Butuan's prehistoric existence and rich cultural heritage. Enclosed is a list of hotels and lodging places in the area with their corresponding rates and contact numbers.

In line with the thrust of the national government to bring science literacy among our youth at par with that of our neighbors and the rest of the world, SPVM and FSUU trust that you would find this 3-day undertaking laudable and worthy of your favorable consideration.

Looking forward to meeting you and your students in Butuan City.

Very truly yours,
