Asst. School Division Superintendent
Division Office
Q.C, Philippines

Dear Ms. Rubio,

Good day! The management and team of Racini bags are very much aware of the problems besetting the education in the Philippines. As a firm believer on the rights of education of every child, we want to be a catalyst of change and bring hope to the future leaders of our country.

In connection with this, we are submitting to you a letter of intent to start and build a foundation. This foundation will advocate the theme "Bagong mag-aaral sa bagong Pilipinas" which aims to inspire young people to discover their full potential and be the best person that they can be. In attaining the goal of our foundation, we hope to build a cooperation with the department of education to sustain children's interest in going to school, help lessen the number of child labor, help children stay out from dangerous streets, prevent children from taking recreational drugs, and to promote literacy in the Philippines.

We have several agendas in mind which we are very excited to discuss with you personally on your most convenient time.

Thank you and God bless.

Best regards,
