# ACHIEVERS DYNAMIC SYSTEMS INTERNATIONAL

*Genius has no country. It blossoms everywhere. Genius is like the light, the air. It is the heritage of all!*  
Jose P. Rizal

09 August 2011

**MS. ELENA RUIZ**

Director National Capital Region  
Department of Education  
Quezon City

Dear Ms. Ruiz,

Our non-profit, non-political, and non-secular organization, the Achievers Dynamics Systems International (ADSI), is now conducting a continuing program on "*Kalusugan, Kaunlaran at mga Bagong Karunungan*" which seeks to teach empowering techniques and principles to our fellow Filipinos, with special emphasis on our youth. This program aims to enable them to improve their health and wellness, attain prosperity, and imbibe new knowledge that would help them become achievers, enrich their lives, and contribute to others' welfare and to our country's progress.

Part of this program entails holding seminars and workshops for high school students to help them attain success in a comprehensive and balanced way, by sharing with them knowledge and exercises on how to achieve health, prosperity, inner peace and harmony, effective learning, development of their multiple intelligences, realization of their talents and abilities, as well as character-building and personality development.

These seminars and workshops will be conducted in selected public high schools in different cities for free, as part of our public service efforts, because we believe that if more Filipinos become achievers, especially the youth who have been called "the hope of our nation" by no less than our national hero, Dr. Jose Rizal, and moreover, if they become service-oriented achievers who seek not just to improve themselves and their lives, but also to contribute to the welfare of others, then they can collectively create a tremendous positive force that could propel our nation towards peace, prosperity, and progress.

We are, therefore, seeking your endorsement of our "*Kalusugan, Kaunlaran at mga Bagong Karunungan*" program to the school principals of the public high schools within your jurisdiction – Quezon City – so that the students and youth in these schools could benefit from the services we are offering for free.

We are looking forward to working with you for the optimum development of our youth.

Sincerely yours,

**JENNIFFER CAYABYAB**  
Project Coordinator - ADSI
