Dr. Crispin D. Dunca  
Division Supervisor  
MAPH Division of City Schools.  
Quezon City

Dear Dr. Dunca :

**LITTLE LEAGUE OF QUEZON CITY (LLQC)** was organized with the objective of *implanting firmly in the children of Quezon City the ideals of good sportsmanship, honesty, loyalty, courage and respect for authority so that these youngsters may be well adjusted, stronger and happier kids and would grow to be good, decent, healthy and trustworthy citizens through the sport of baseball and softball.*

LLQC is one of the active chartered members of Little League Baseball Philippines, a totally volunteer oriented association and affiliated with Little League Baseball, Inc. based in Williamsport, Pennsylvania.

Little League Baseball is a program of service to the youth. It is the largest organized youth sports program in the world where more than 4 million children participate each year. It is geared to provide an outlet of healthy activity and training under good leadership in the atmosphere of wholesome community participation.

The movement is dedicated to helping children become good, decent and productive citizens. It strives to inspire them with a goal and to enrich their lives towards the day when they must take their world. It establishes for them rudiments of teamwork, sportsmanship and fair play.

Further, *Little League of Quezon City* was organized:

1. to provide the basic training in baseball and softball to the Quezon City residents and students particularly those poor but deserving public school students.
2. to furnish these kids with activities so that their bodies will be physically fit and so that they will shy away from unwholesome activities (like juvenile delinquent acts) and prevent them from going into illegal drugs, alcohol and smoking.

**Baseball Is Not Easy And So Is Life....But We'll Prepare You For Both....**

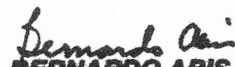

3. to organize a weekend league whose ultimate objective is to train players whose playing level will be good enough, not only for the national team, but the Major Leagues as well.

4. to provide better opportunities for free college education to the poorest of the poor children of Quezon City through athletic/varsity scholarship by playing baseball and softball in the future.

We are now in this midst of preparing for the 2011-2012 Baseball Season. In this connection, we would like to request for a meeting to discuss our plans for the baseball teams in Quezon City public schools.

We look forward in having you as a partner towards the development of not only sports but also value formation for the deserving Quezon City players. Thank you again for your support for the Little League of Quezon City.

Very truly yours,

  
**BERNARDO ABIS**  
President

**LITTLE LEAGUE OF QUEZON CITY**
