September 8, 2009

To: Schools Division Superintendents

Dear Sir/Madam:

This has reference to the enclosed communication from *Dr. Renato U. Soliman Jr.*, Chairperson, Board of Trustees, Philippine Society of Youth Science Clubs, Inc. (PSYSC), inviting Elementary Science Club Advisers and pupils to the *2009 National Children's Science Interactive Workshop (CSIW)* on October 25-28, 2009 at Sampaguita Gardens, Hotel, Resort and Spa, New Washington, Aklan, for information and guidance of all concerned.

Likewise, Science Clubs from public and private elementary and secondary schools are invited to affiliate with PSYSC.

For further information, please contact the PSYSC National Office at telephone No. (02) 393-4384 or visit and post queries at the organizational website (www.psyisc.org).

Immediate and wide dissemination of this Regional Letter is desired.

Very truly yours,

your self

Greetings from the science clubbing movement!

The *Philippine Society of Youth Science Clubs (PSYSC)* is a national organization that supports science education through effective learning materials and interactive activities for students and teachers. We promote the **public understanding of science, technology and the environment.**

We believe that the education of our youth especially in science and mathematics is important for their and the country's future. That is why we will conduct the **2009 PSYSC Affiliation Campaign** from August to March 2009 to *invite science clubs from public and private schools to join our organization as we embark to make them a venue for our students to initiate change in the school and in the community. (For more information about our Affiliation Campaign, please refer to Enclosure 1)*

Pursuant to Presidential Proclamation No. 264, the PSYSC together with the Department of Science and Technology - Science Education Institute (DOST-SEI) will also conduct the National Science Clubs Summit (Summit), PSYSC Science Olympiad, and Mathsciaka this September as celebration of the 2009 National Science Club Month. *(For more information about our 2009 NSCM activities, please refer to Enclosure 2)*

Also, the PSYSC in coordination with the National Organizing Committee of the International of Astronomy (IYA2009) announces its 2009 National Children's Science Interactive Workshop (CSIW) for elementary students to be held on October 25-28, 2009 at Sampaguita Gardens, Hotel, Resort and Spa, New Washington, Aklan. CSIW is a 4-day science camp for elementary students. *(Please refer to Enclosure #3 for the details of the CSIW)*

We invite you to grace the activities with your presence at your preferred time and day. May we further request your kind office to support us in conducting the activity in your division through the issuance of an advisory and if possible a memorandum to schools in your jurisdiction. *(Please refer to attached draft memorandums)*

We are hoping for your affirmative response. Should you have questions, don't hesitate to contact us through the numbers indicated above. Allow us to follow up on this matter.

Thank you and more power!

Very truly yours,

TERESITA G. DOMALANTA
