Dear Secretary Luistro:

Greetings.

The A TEACHER Party-List has been conducting Information Dissemination Drives to support the K to 12 Basic Education Program. It is our goal that teachers and most especially, parents will be able to fully understand the K to 12 Program and its objective for the effective implementation of the Curriculum. For the month of July, we have already conducted twenty-five (25) K to 12 Orientation and Seminar nationwide we have scheduled 30 seminars more for the succeeding months. This is in part of our belief that it is vital to intensify the information dissemination so that stakeholders will be able to understand how it will affect them and, in turn, how they can benefit from it.

In addition, we are also conducting Teachers' Professional Seminar on topics related to teaching competency in the implementation of K to 12, bridging technology in teaching, teaching by understanding, among others. We have speakers from De La Salle University-Manila, Centro Escolar University, and Philippine Normal University.

In line with this, we are hoping if we can request from your good office a Memorandum certifying that the K to 12 Orientation and Seminars that we are conducting be categorized as National Level. This would give leverage to our teacher-participants.

Rest assured of our strong commitment to this educational reform.

Very truly yours,
